Recall #: C0525 - NC | Underbody Corrosion Recall Date: 2023 Mar 08

Recall Description

Issue: Hyundai Auto Canada is conducting a Special Service Campaign that provides anti-corrosion treatment to certain underbody components. Over time, components under the vehicle, including brake lines could corrode. In extreme cases, a brake line could fail and leak. A brake fluid leak can result in reduced braking. Safety Risk: Reduced braking can cause an extended stopping distance and increase the risk of a crash. Corrective Actions: Hyundai will notify owners by mail and advise you to take your vehicle to a dealership to inspect the underbody, including the brake lines. The dealer will apply an anti-corrosion treatment to certain parts, and replace the brake lines if necessary.

Recall #: R0246 | Anti-lock Brake System (ABS) Module (Interim - Recall Remedy Not Yet Available) Recall Date: 2023 Sep 22

Recall Description

Issue: On certain vehicles, brake fluid could leak into the control module for the antilock brake system (ABS) and cause it to short circuit. Safety Risk: A short circuit could create a fire risk, even while the vehicle is parked and turned off. Corrective Actions: Hyundai Canada will notify owners by mail and advise you to take your vehicle to a dealership to replace the fuse for the ABS module. Hyundai Canada recommends that you should park your vehicle outdoors and away from other vehicles or structures until the recall repairs have been completed.

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
