This Vehicle History Report is based on [information](https://www.carfax.ca/fr-ca/vehicle-history-data) (https://www.carfax.ca/fr-ca/vehicle-history-data) that was reported and available to CARFAX Canada as of January 23, 2025 (or once all data has been collected from our data sources and the report is complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new history data records every day. **There may be additional information on this vehicle that has not been reported to CARFAX Canada.** When purchasing a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report + Liens

Retention rights

 No lien found **Saskatchewan**.

How we check retention rights

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding the Northwest Territories) where the vehicle is currently registered and has been historically registered. We do not verify liens or title in any U.S. state.

If a VIN has no Canadian registration record, we cannot verify liens. We cannot guarantee liens on trailers, RVs or heavy equipment.

Buyers should always obtain written confirmation from the sellers that there is no lien on the vehicle.

CARFAX Canada Canadian Lien Guarantee

If for any reason our lien verification does not accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party who purchased the report and relied upon it to their detriment for a maximum amount of (1) the value of the automobile (2) the value of the lien (3) Five Thousand Canadian Dollars (\$5,000.00), whichever is less.
