NISSAN **INTELLIGENT MOBILITY**

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

Images may show additional available equipment. ¹Available feature. ²2018 fuel consumption estimate 6.3 L/100 km (45 MPG) for CVT models. Actual mileage may vary with driving conditions – use for comparison only. ³AEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. ⁴Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ⁵Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁶Information displayed is dependent on how vehicle is equipped. ⁷Feature availability is dependent on vehicle model, trim level, packaging and options. Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. **Driving is serious business and requires your full attention.** Only use features and connected devices when safe and legal to do so. Some features are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Some services and features are provided by independent companies not within Nissan's control. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁹RCTA is not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ¹⁰50% increase was calculated using CVT horsepower specifications. ¹¹Some components have been chrome-plated or painted for display purposes only. ¹²Extra cost option. ¹³See your Nissan Dealership and read the actual limited warranty. ¹⁴Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. ¹⁵Whichever occurs first. ¹⁶Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ¹⁷Use the Text Messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ¹⁸Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. ¹⁹TPMS is not a substitute for regular tire pressure checks. ²⁰VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ²¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. ²²Vehicle must be on for the Easy-Fill Tire Alert to operate. ²³Limited availability. ²⁴CVT models only. ²⁵Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. SENTRA® SR TURBO
TURBOCHARGE YOUR DRIVE

It starts with the quality and performance that is synonymous with Sentra, then kicks things up a notch. The 1.6-L DIG turbocharged engine gives Sentra SR Turbo over 50% more horsepower than other Sentra models.¹⁰ Grip the leather-wrapped steering wheel as the stiffer suspension and 17" aluminum-alloy wheels help you carve up the road, while Turbo-specific front brake rotors bring you back down to earth.

SR TURBO

PASSION WITHOUT A REDLINE

Since 1984, NISMO has been propelled by maverick engineering with one goal in mind: ultimate Nissan performance. Featuring a track-inspired aerodynamic exterior, NISMO tuning, and an impressive list of styling and performance upgrades, Sentra NISMO ensures your drive will never be the same again.

- 1.6-L DIG turbocharged engine
- 18" NISMO aluminum-alloy wheels
- Front sport seats with red trim bolsters and NISMO badging
- Chrome exhaust finisher
- Synthetic suede-appointed interior

SPRAY-COATED AND MIRROR-FINISHED CYLINDER BORES¹¹

LOW-INERTIA TURBOCHARGER¹¹

LOW-PRESSURE COOLED EGR¹¹

1.6-L DIG™ TURBOCHARGED ENGINE

When it came time to breathe greater performance into the Sentra SR Turbo, our engineers pulled out all the stops. Spray-coated and mirror-finished cylinder bores were applied to the 1.6-L DIG turbocharged engine, while a low-pressure cooled EGR system was added for greater efficiency at higher loads. The result? Engine friction and weight were reduced, while performance increased.
