WHAT MAKES A HYUNDAI?

Incredibly rigorous, demanding and relentless quality assurance testing programs. That's what. After all, to sell more than 5 million vehicles a year around the world, our engineers and designers need to deliver a top quality product with the perfect combination of efficiency, craftsmanship and engaging drive that is truly world-class. What you may not know is that Hyundai takes unprecedented steps, pushing beyond the old, conventional way of doing things to deliver New Thinking, so we can provide you with New Possibilities.

Better crash safety requires stronger steel. Precise handling requires stiffer steel. And fuel efficiency requires lighter steel. How do you find steel that lives up to such stringent demands? If you're Hyundai, you become the only major automaker to make it yourself. New thinking is what happens when our vehicle engineers and metallurgists work side-by-side.

But making steel is only part of the story. World-class vehicles need world-class design that pushes the industry forward. Hyundai's three design centres – in Korea, the U.S. and Europe – compete against each other for the right to bring you new vehicles. The result of that competition is remarkable aerodynamic designs that not only stand out, but also improve fuel efficiency. On the inside, our fanatical dedication to perfection delivers interior cabins that are comfortable, intuitive and ergonomic.

We want you to feel confident because we are. We can back our vehicles with a 5-year/100,000 km Comprehensive Limited Warranty* because they have been tested across the world in the most extreme driving conditions imaginable. To deliver the durability and reliability you demand, our vehicles travel from the cold, far north of Canada's Arctic to the scorching heat of the Mojave Desert, and then are tested on Germany's world-famous Nürburgring circuit. Our expert drivers test, tune, retest, and retune Hyundai vehicles to not only endure, but to deliver a rewarding driving experience that you can count on, kilometre after kilometre.

We do this – and more – because we want to exceed your every expectation. That's the Hyundai difference.

BEAUTIFULLY BOLD

Get ready to take on your commute, early-morning hockey practice or that annual summer camping trip with the redesigned 2017 Santa Fe Sport. Beyond the dynamic styling, you will find versatile storage capability, an array of premium comfort features and a suite of newly available innovative safety technologies to provide you with added driver confidence.

The restyled front fascia features new advanced lighting technology, including available HID headlights with an Adaptive Cornering System which offers crisp, white illumination of the road and allows the headlights to turn with the direction of the steering wheel to optimally light your path ahead. Also available is a High Beam Assist system that uses a front camera to continually monitor traffic situations and will automatically turn high beams on or off based on oncoming traffic.

Available **SMART POWER LIFTGATE**

Enjoy maximum convenience by automatically opening the rear liftgate when you stand within three feet behind the vehicle, with the available proximity key, for more than three seconds. And unlike some vehicles, there is no need to kick or shuffle your feet to engage this feature.

Available **HID HEADLIGHTS WITH ADAPTIVE CORNERING SYSTEM**

Available **LED TAIL LIGHTS**

May not be exactly as shown.

FITS YOUR LIFESTYLE

The spacious interior of the 2017 Santa Fe Sport offers exceptional styling with an array of upscale amenities such as the standard rearview camera or the newly available Multi-view Camera System. But there is more to this stylish SUV than just providing a luxurious driving environment. The 2017 Santa Fe Sport is also designed to provide the luxury of versatility. For example, rear seating reclines for comfort, folds 40/20/40 delivering flexible storage, and is available with a second-row sliding feature – making it possible to bring a child seat closer to the front passenger. The smart design also provides an additional 51L of storage under the cargo floor, so you can store items out of sight.

EFFICIENTLY POWERFUL

Whether you choose the standard 2.4L Gasoline Direct Injection (GDI) engine or opt for the available 240 horsepower 2.0L twin-scroll turbo-charged GDI engine, you'll be ready to take on your day in the redesigned Santa Fe Sport with power and confidence. The available active cornering control All-Wheel Drive system and 3,500 lbs of towing capacity provide even greater capability.

All new for the 2017 Santa Fe Sport: an array of available driver assistance and situational awareness technologies to help keep you safe on your journeys.

Standard DRIVE MODE SELECT

The standard Drive Mode Select system adjusts both throttle response and steering effort to match your preferred driving style. Select from three modes – Eco, Normal or Sport – by simply pressing a button.

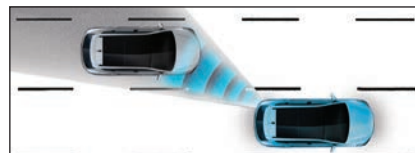

2017

SAFETY HIGHLIGHTS

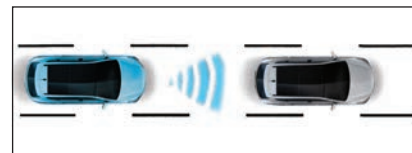

AUTONOMOUS EMERGENCY BRAKING WITH PEDESTRIAN DETECTION¹

This available safety innovation uses a forward camera and radar sensors to detect rapidly closing speeds to the vehicle ahead or pedestrians in your path. If a potential forward collision is detected, audible and visual warning notifications will alert the driver. If the driver does not react to avoid the impact, the system can provide full braking assistance at speeds under 75 kilometres per hour (vehicle detection) or under 65 kilometres per hour (pedestrian detection).

BLIND SPOT DETECTION SYSTEM² AND REAR CROSS-TRAFFIC ALERT³

The available Blind Spot Detection system uses radar to detect when a vehicle is in the driver's blind spot and provides both an audible and a visual alert to help keep you aware as you move down the road. When reverse gear is selected, Rear Cross-Traffic Alert helps identify and warn the driver of vehicles approaching from the side, even before they come into view of the standard rearview camera.

ADAPTIVE CRUISE CONTROL⁴

For added safety, the available Adaptive Cruise Control (ACC) system automatically and continuously adjusts your pre-set driving speed to maintain a pre-determined distance from the vehicle ahead. For added comfort in stop-and-go traffic, ACC will even bring the vehicle to a complete stop and then accelerate again when appropriate, without driver input.

LANE DEPARTURE WARNING SYSTEM⁵

Drift outside of your lane without signaling and this available system is designed to inform you with audible and visual cues.

2.4L FWD STANDARD EQUIPMENT INCLUDES:

2.4L GDI 185 hp, 4-cylinder engine with Dual Continuously Variable Valve Timing (D-CVVT)
 17" alloy wheels with P235/65R17 all-season tires
 6-speed automatic transmission with SHIFTRONIC® manual mode
 Airbags (7): Dual front, front seat-mounted side impact, roof-mounted side-curtain with rollover sensor and driver's knee airbag
 4-way adjustable driver's seat with 2-way power lumbar support and adjustable head restraints
 40/20/40 split-folding second-row seats
 Air conditioning with manual climate control and second-row vents
 6-speaker AM/FM/SiriusXM™/CD/MP3 audio system with 5.0" touch-screen and rearview camera

iPod®/USB auxiliary connectivity
 Bluetooth® hands-free phone system with voice recognition
 Chrome door handles
 Fog lights
 Heated front seats and heated, power-adjustable side mirrors
 Power windows with driver's auto up/down and pinch protection
 Remote keyless entry with alarm
 Roof rack side rails
 Steering wheel-mounted audio, cruise and Bluetooth® controls
 Trailer pre-wiring
 Windshield wiper de-icer
 Automatic headlights with LED daytime running lights

2.4L PREMIUM INCLUDES 2.4L FWD STANDARD EQUIPMENT PLUS:

12-way power-adjustable driver's seat with 4-way power lumbar support and adjustable head restraint
 Dual-zone automatic climate control with CleanAir Ionizer
 Heated steering wheel
 Heated rear seats
 Blind Spot Detection (BSD) system with Lane Change Assist (LCA) and Rear Cross-Traffic Alert (RCTA)

Leather-wrapped steering wheel and gear shift knob
 Manual rear side window sunshades
 Rear Parking Assist Sensors (RPAS)
 LED integrated side mirror turn signal repeaters
 Optional: All-Wheel Drive

2.4L SE INCLUDES 2.4L PREMIUM STANDARD EQUIPMENT PLUS:

All-Wheel Drive
 Panoramic sunroof

Leather seating surfaces

2.4L LUXURY INCLUDES 2.4L SE STANDARD EQUIPMENT PLUS:

4-way power-adjustable passenger's seat with height adjust
 8.0" touch-screen navigation system with rearview camera
 Infinity® AM/FM/CD/SiriusXM™/MP3 audio system with 12 speakers
 Electrochromic auto-dimming rearview mirror with integrated HomeLink® transceiver and compass

Driver's Integrated Memory System (IMS)
 Proximity keyless entry with push-button ignition
 Sliding second-row seats
 Smart Power Liftgate

2.0T SE INCLUDES 2.4L SE STANDARD EQUIPMENT PLUS:

2.0L Twin-Scroll Turbocharged GDI 240 hp, 4-cylinder engine with Dual Continuously Variable Valve Timing (D-CVVT)
 Transmission oil cooler
 19" alloy wheels with P235/55R19 all-season tires

Proximity keyless entry with push-button ignition
 Supervision instrument cluster with 4.2" TFT LCD display
 Twin tip exhaust
 Exterior side door garnish

2.0T LIMITED INCLUDES 2.0T SE STANDARD EQUIPMENT PLUS:

4-way power-adjustable passenger's seat with height adjust
 Electrochromic auto-dimming rearview mirror with integrated HomeLink® transceiver and compass
 High Intensity Discharge (HID) headlights with auto-levelling
 Ventilated front seats

LED tail lights
 Driver's Integrated Memory System (IMS)
 8.0" touch-screen navigation system with rearview camera
 Infinity® AM/FM/CD/SiriusXM™/MP3 audio system with 12 speakers

2.0T ULTIMATE INCLUDES 2.0T LIMITED STANDARD EQUIPMENT PLUS:

Adaptive Cruise Control (ACC) with stop-and-go capability
 Autonomous Emergency Braking (AEB) with Pedestrian Detection
 High Beam Assist (HBA)
 Electronic Parking Brake (EPB)

Lane Departure Warning System (LDWS)
 HID headlights with Adaptive Cornering System (ACS)
 Multi-view Camera System

EXTERIOR COLOURS

THERE'S NO SUBSTITUTE FOR PEACE OF MIND

You will see that a number of our vehicles have received multiple awards from the most reputable third-party organizations, so you can take their word when it comes to the quality, design and safety of our vehicles. This quality is equally matched by the quality of our warranty. We stand confidently behind our products to give you the ultimate peace of mind with a 5-year/100,000 km Comprehensive Limited Warranty†, one of the best-backed warranties in Canada. We also provide a 5-year/Unlimited km Roadside Assistance Program** featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day.

ACCESSORIES

PREMIUM ALL-WEATHER FLOOR LINERS

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

HYUNDAI WARM-UP SYSTEM

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai Warm-up System includes an interior cabin heater, block heater, a fully programmable display unit, as well as an integrated battery charger.

SIDE STEPS – OVAL TUBES

These oval side steps were designed to complement the design nature of your Hyundai. They are as attractive as they are functional. Finished in stainless steel, these oval side steps include step pads for secure footing and will look good for years to come.

TRAILER HITCH KIT

Designed to meet your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes trailer hitch, ball mount and end cap (chrome ball shown not included).

CROSS RAILS

This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room.

TM®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned by Hyundai Auto Canada Corp. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. ¹Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. ²Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. ³Autonomous Emergency Braking (AEB) is designed to detect vehicles that are directly in front of the Santa Fe Sport. AEB will not detect all vehicles and objects. AEB may not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. AEB initiates full braking at speeds between 8 and 75 km/h (vehicle detection) or 8 to 65 km/h (pedestrian detection). AEB will not detect all pedestrians under certain conditions. See Owner's Manual for detailed descriptions of example condition in which AEB may not detect a pedestrian. AEB is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for further details and limitations. ⁴Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. ⁵Never rely exclusively on the Rear Cross-Traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. The system may not detect every vehicle. This system does not detect stationary objects. Vehicle must be in reverse and has to be traveling at 10 km/h or less. See Owner's Manual for further details and limitations. ⁶Adaptive Cruise Control (ACC) with stop/start capability is not a collision avoidance or warning device. ACC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. Acceleration after the vehicle comes to a complete stop will only occur when the lane markings has been stopped for less than three seconds. See Owner's Manual for further details and limitations. ⁷The Lane Departure Warning System operates when vehicle speed exceeds 70 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. See Owner's Manual for further details and limitations. The SiriusXM™ name is a trademark of SiriusXM Satellite Radio Inc..
