

2017

RIPDX

The feature-rich 2017 RDX seamlessly blends performance, luxury and technology.

From the 279 horsepower V6 engine to the top of the line Elite trim,
from the AWD with Intelligent Control System™ to AcuraWatch™ technology,
the RDX takes hold of you just as you take hold of it.

RELISH LIFE'S
TWISTS AND TURNS

PERFORMANCE

THE PERFECT SYNERGY
BETWEEN MAN AND MACHINE

3.5-LITRE i-VTEC® V6 ENGINE

The RDX proves that horsepower, fuel efficiency and spirited driving performance can comfortably co-exist. With the 3.5-litre, 24-valve i-VTEC® V6 engine, you're spoiled with power. The exceptional drive is enhanced further by the smooth, responsive power delivery through the Drive-by-Wire Throttle System.™ And thanks to Variable Cylinder Management® (VCM®), you get help achieving improved fuel economy when the RDX shuts down cylinders that aren't needed in low-load driving conditions.

HORSEPOWER AND TORQUE

The RDX is loaded with torque and horsepower. With 252 lb.-ft. of torque, the very instant you desire more power, it will be delivered. Not to mention with 279 horsepower, it can handle corners and dominate straightaways. This kind of power is bound to get your heart racing.

SEQUENTIAL SPORTSHIFT®
PADDLE SHIFTERS

Part of what makes the RDX so satisfying to drive is a quick shifting, premium performance 6-speed automatic transmission with Grade Logic Control. The responsiveness and thrill of a manual can be engaged through intuitively mounted, race-inspired Sequential SportShift paddle shifters to further gratify your inner driver.

HANDLING

THE MORE CORNERS YOU TAKE,
THE MORE YOU'LL SEEK

AWD WITH INTELLIGENT CONTROL SYSTEM™

Enjoy corner-carving confidence as you and your machine conquer dry pavement, rain or snow, thanks to AWD with Intelligent Control System.™ Torque is split up to 60/40, directing a maximum of 40% to the rear, enhancing the sporty character of the RDX. The vehicle is engineered to have exceptional traction, control and a fast, intuitive response on pavement, for outstanding overall performance and handling.

CONFIDENCE-INSPIRING HANDLING

The multi-link rear suspension helps provide you with the exceptional handling and confidence-inspiring feel you would expect from a high-performance sports sedan while providing an excellent ride. Amplitude Reactive Dampers are designed to read driver input and road conditions to adjust your drive to suit the surface you're driving on and how you're driving.

18-INCH WHEELS

Beyond reinforcing the luxurious design and impressive performance look of the RDX, 18-inch aluminum-alloy wheels help you own parts of the road you never knew existed. And for added style, the Elite Package features its own unique wheel design.

U.S. model shown.

EXTERIOR

TRIGGER ROAD ENVY

PERFECTION FROM EVERY ANGLE

The 2017 RDX sports exterior styling that is truly worthy of attention. From an aggressive bumper design including luxurious chrome accents, and a sculpted front grille with precision honeycomb grille pattern, to cutting-edge Jewel Eye™ LED headlights, and 18-inch aluminum-alloy wheels, the RDX proves that luxury and sportiness can combine in perfect harmony.

JEWEL EYE™ LED HEADLIGHTS

Acura's signature Jewel Eye™ LED headlight system presents an array of lighting with a total of ten separate, highly-focused LEDs with optical lenses to provide powerful down-the-road illumination. The striking visual impact with precise focus allows the driver to see further than regular halogen bulbs.

LED TAILLIGHTS

The rear LED taillights help to ensure that other cars can see you as well. They come on quicker and last longer than regular bulbs for added safety, while also providing a sleeker, sophisticated exterior detail.

RAIN-SENSING WINDSHIELD WIPERS AND POWER-FOLDING, AUTO-DIMMING SIDE MIRRORS

You can't control the weather, but your RDX can. The RDX Technology and Elite Packages come equipped with rain-sensing wipers, so when the camera on the top of the windshield senses precipitation, the wipers are turned on automatically. Plus, the RDX can help compensate for unpredictable elements. The Technology package is outfitted with innovative power-folding side mirrors, for those times you find yourself parking in tight spaces, while the Elite package also adds an auto-dimming feature to the side mirrors to prevent you from being blinded by the headlights from following vehicles.

VERSATILITY

MODERN, MODULAR AND SO MUCH MORE

THE PERFECT FIT

Sometimes the greatest luxury is knowing you have space. In the RDX, there's more than enough room for you and your active lifestyle. The easily configurable rear 60/40 split fold-down seatback makes it perfect for handling things like golf bags or a couple dozen grocery bags. In fact, with the seats folded down, the RDX has 2,178 litres of cargo space. And the rear hatch with standard power tailgate can be remotely operated for simple storage access to its spacious cargo area.

LUXURIOUS SEATING

Like every other part of your Acura, the tightly bolstered seating accented with available perforated leather seating surfaces is designed to keep you comfortable. What's more, drivers benefit from an 8-way power-adjustable heated seat with lumbar support and 2-position memory. Front passengers also get their own 8-way power-adjustable heated seat to play with. Furthermore, the RDX comes with available heated rear seats and available ventilated front seats, for the utmost comfort.

ONE-TOUCH POWER MOONROOF

Let the sunlight (and moonlight) in. At the simple push of a button, the standard one-touch power moonroof will fully open or close. The tilt feature allows for controlled ventilation and the sliding shade lets you control the amount of light you want.

ACTIVE SOUND CONTROL (ASC)

Did you hear that? Neither did we. With Active Sound Control, the RDX is a quiet sanctuary. It allows you to hear the engine when you get moving quickly, while also cancelling out unwanted sounds for a peaceful journey.

TECHNOLOGY

CLARITY MEETS SIMPLICITY.
NATURALLY, THEY SYNCH.

HANDS-FREE COMMUNICATION

The RDX is all about making connections. Program and link your Bluetooth®-enabled mobile phone to the HandsFreeLink™ interface^{§,†} to seamlessly make and receive calls over the vehicle's audio system. The SMS text message function[‡] reads incoming texts over the audio system and lets you respond with one of numerous preset replies. And both features are easily accessible thanks to steering wheel-mounted controls.

ON-DEMAND MULTI-USE DISPLAY™

An available 7-inch On-Demand Multi-use Display™ touch-screen, located in the centre console, controls an array of intuitive convenience features; contextual menus display relevant items while minimizing instrument panel clutter.

ACURA NAVIGATION SYSTEM*^{§,††,Δ}

The perfect drive is often one without a destination, but when you do have to find one, the available satellite-linked navigation system can pinpoint your location almost anywhere in North America or access its onboard search directory. The system is equipped with bilingual voice recognition software and offers real-time directions by either voice or moving-map display. Just ask and the system can show you the most direct route to your destination or, with the Zagat Survey® ratings, help you find a restaurant based on the type of cuisine you're craving.

*Available with the RDX Technology and Elite Packages.

ACURA/ELS SURROUND® PREMIUM AUDIO SYSTEM

Take 10 strategically positioned speakers with phenomenal surround sound experience of the available Acura/ELS Surround 410 Watt Premium Audio System, then add the convenience of standard wireless Bluetooth® Streaming Audio[‡], a USB device connector[‡] and MP3/auxiliary connectivity, and you've got the makings of a sound system that melds driver with music. And as far as content is concerned, with SiriusXM,[™] you can subscribe to some of the best music the world has to offer.

INTELLIGENT TECHNOLOGY

The RDX is definitely as smart as it looks. When behind the wheel, you quickly realize it has a vast collection of intuitive, leading-edge technologies, designed to enhance the driving experience, not confuse it. The RDX also features a multi-angle rearview camera[§] with guidelines. Standard on all models, it helps to provide you with a clear view image from behind your vehicle on a 5-inch display, while an 8-inch LED backlit VGA display is also available. Even if the navigation system is turned off, the camera is activated automatically when you engage reverse. The RDX has your back.

BI-DIRECTIONAL REMOTE ENGINE STARTER AND SMART ENTRY

Think it, and it's done. The Technology and Elite Packages have a bi-directional key fob that allows you to communicate with your RDX. When you send a request to the vehicle – lock, unlock, rear liftgate open, or engine start – LEDs will light up on the fob confirming that the request was received. Smart entry with pushbutton technology allows you to enter your RDX and start the engine without having to take your key fob out of your pocket. That's the power of connecting to your RDX.

CLIMATE CONTROL

A sense of personal comfort is all-encompassing in the RDX, as the automatic climate control system benefits from a GPS-linked solar sensor on the Technology and Elite Packages. The GPS link monitors the sun's intensity and location relative to the vehicle, enabling the system to keep each side of the cabin at its designated temperature. The system is completely automatic and almost all functions are operable by voice command.

[§]None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.acura.ca/disclaimers and refer to the vehicle's owner's manual.

[†]Only available in certain areas. Includes a no-charge trial of three months.

[‡]Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

^{‡‡}Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

^ΔSubscription required. One year complimentary subscription to AcuraLink Standard, AcuraLink Connect, and AcuraLink Premium included, after which fees, taxes and other charges will apply in order to continue subscription. The availability of certain cellular networks is required for AcuraLink to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Ask your dealer for full terms and conditions.

SAFETY IS OUR SIXTH SENSE

ALL EYES ON DECK

Advanced driver-assistive features are designed to allow you to watch the road around you, offering warnings and even taking action when you need it. From guiding you back to the centre of your lane if you begin to drift or braking if you get too close to the vehicle ahead, AcuraWatch™ technology is designed to help minimize threats – and stress – no matter where you're headed.

ADAPTIVE CRUISE CONTROL[§] (ACC)

The RDX has taken the conventional cruise control system and enhanced its benefits for the driver. Using an advanced radar system hidden discretely behind the front grille, the Adaptive Cruise Control is engineered to allow the RDX to independently follow the vehicle in front at a set distance and speed.

LANE DEPARTURE WARNING (LDW) SYSTEM[§]

Should the RDX begin to drift out of its detected lane without a turning signal being applied, the Lane Departure Warning system is designed to trigger both an audible and visual warning to alert the driver. This connection between car and road is achieved through an onboard camera that is designed to monitor the vehicle's lane position.

LANE KEEPING ASSIST SYSTEM[§] (LKAS)

The Acura Lane Keeping Assist System builds on conventional lane departure systems to work proactively to help keep the vehicle inside the lane during normal driving conditions. If the vehicle begins to cross detected lane markings unintentionally, it's engineered to apply light steering torque to return the vehicle to the centre of the lane while a continuous beep alerts the driver.

FORWARD COLLISION WARNING SYSTEM[§] AND COLLISION MITIGATION BRAKING SYSTEM™ (CMBS®)[§]

The Forward Collision Warning System and Collision Mitigation Braking System use a radar transmitter designed to determine the distance and closing speed of the car directly in front of you and react accordingly when a programmed threshold is exceeded. Initially, the system warns you with audio and visual alerts. If speed is not reduced, the system is engineered to begin braking to help reduce speed and mitigate the force of a potential collision.

BLIND SPOT INFORMATION (BSI) SYSTEM[§]

Using ultrasonic sensors in the rear bumper, the available BSI system is designed to illuminate an indicator light to let you know a vehicle has been detected in your blind spot, and alerts you with an audible signal if you try to change lanes.

REAR CROSS TRAFFIC MONITOR[§]

Using the blind spot information sensors to detect vehicles as the RDX is put in reverse, the available Rear Cross Traffic Monitor is designed to sound a warning and display a visual warning on the rearview camera display if a vehicle is detected.

§ None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.acura.ca/disclaimers and refer to the vehicle's owner's manual.

SAFETY THROUGH INNOVATION

At Acura, Safety Through Innovation is based on the idea that an advanced driving experience starts with advanced safety features. This guiding principle is reinforced through the extensive number of standard safety features and use of innovative technologies you'll find in all Acura vehicles.

HILL START ASSIST

The 2017 RDX offers Hill Start Assist[§] to help prevent the vehicle from rolling backwards when on an incline. If you switch from the brake pedal to the accelerator while stopped on a hill, the system is designed to activate and temporarily halt the vehicle.

AIRBAGS

Six airbags increases the safety for all occupants inside the cabin. Depending on the point and force of impact, the RDX will deploy dual-stage, multiple-threshold front airbags (SRS) that activate at one of two rates, depending on the severity of the impact and side curtain airbags with a state-of-the-art rollover sensor.

ANTI-LOCK BRAKES

The 4-wheel Anti-lock Braking System (ABS)[§] helps you maintain steering control when braking hard on wet, slippery or loose surfaces, while Electronic Brake-force Distribution (EBD) balances braking forces at each wheel to help compensate for cargo and passenger weight distribution inside the cabin. Plus, Brake Assist is designed to sense a panic stop and applies maximum braking power to help you stop quickly.

VEHICLE STABILITY ASSIST (VSA®)[§]

VSA with Traction Control is engineered to automatically detect and correct understeer or oversteer situations. Your Acura is designed to detect and protect before you have time to react. The system intuitively analyzes conditions and reduces throttle and/or applies braking to individual wheels, if necessary. Should a loss of traction occur on a slippery surface, Traction Control will help to ensure you get underway safely.

ACE™ BODY STRUCTURE

The Advanced Compatibility Engineering™ (ACE) body structure utilizes a high-tensile, high-efficiency steel frame to provide enhanced protection from a multi-directional collision. ACE reduces the force of a frontal impact by absorbing energy over a large area and dispersing it away from you and other occupants of the cabin. ACE is also designed to help reduce occupant injuries caused by misalignment in collisions between vehicles of different sizes.

TIRE PRESSURE

The Tire Pressure Monitoring System[†] (TPMS) continually monitors the air pressure in your tires. If pressure drops in any tire, a warning appears on your instrument panel, indicating which one requires attention. The system displays the tire pressure of each individual tire in the instrument panel.

[§] None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.acura.ca/disclaimers and refer to the vehicle's owner's manual.

[†] For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

ENGINE	
Engine	3.5-litre, 24-valve SOHC i-VTEC® V6
Horsepower	279 hp @ 6200 rpm
Torque	252 lb.-ft. @ 4900 rpm
Displacement	3471 cc
Bore and stroke	89 x 93 mm
Compression ratio	10.5:1
Emissions	Tier 2 Bin 5
Active Control Engine Mount (ACM) system	
Variable Cylinder Management® (VCM®)	
Multi-Point Programmed Fuel Injection system (PGM-FI®)	
Recommended fuel	Premium unleaded
Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.	

DRIVETRAIN
6-speed automatic transmission with Sequential SportShift® paddle shifters and Grade Logic Control
Drive-by-Wire Throttle System™
Hill Start Assist [‡]
AWD with Intelligent Control System™
Towing capacity: 680 kg (1500 lb.)

SAFETY FEATURES
3-point seat belts with Automatic Tensioning System (front)
4-wheel Anti-lock Braking System (ABS) [‡] with Electronic Brake-force Distribution (EBD) and Brake Assist
Advanced Compatibility Engineering™ (ACE™) body structure
Childproof rear door locks
Collision Mitigation Braking System™ [‡] (CMBS®)
Dual-stage, multiple-threshold front airbags (SRS)
Front side airbags
Forward Collision Warning (FCW) system [‡]
Immobilizer theft-deterrent system
Lane Departure Warning (LDW) system [‡]
Lane Keeping Assist System [‡] (LKAS)
Lower Anchors and Tethers for Children (LATCH) in second row
Security system
Side curtain airbags with rollover sensor
Tire Pressure Monitoring System [†] (TPMS) with location and pressure indicators
Vehicle Stability Assist (VSA®) with Traction Control

CHASSIS
18" aluminum-alloy wheels
Amplitude Reactive Dampers
Front and rear stabilizer bars
MacPherson strut front suspension
Motion-Adaptive Electric Power-Assisted Rack-and-Pinion Steering (EPS)
Power-assisted, ventilated front disc/solid rear disc brakes
Multi-link rear suspension
Tires: P235/60 R18 102V all-season

CAPACITIES	
Fuel tank capacity	60 litres
Passenger volume	2931 litres
Cargo volume	739 litres
Cargo volume (2nd seat folded)	2178 litres

SEATING & TRIM
Easy fold-down 60/40 split rear seatback
Driver's seat with 8-way power adjustment including lumbar support and 2-position memory
8-way power adjustable front passenger's seat
Floor mats
Fold-down rear-seat centre armrest
Heated front seats
Leatherette-trimmed seats
Leather-wrapped steering wheel

EXTERIOR
Body-coloured bumpers
Body-coloured heated folding power side mirrors with expanded view driver's mirror and integrated turn indicators
Body-coloured door handles
Front and rear splash guards
Heat-rejecting green-tinted glass
Jewel Eye™ LED headlights
LED taillamps
Intermittent rear window wiper/washer
Power tailgate
Memory-linked side mirrors with reverse gear tilt-down
One-touch power moonroof with tilt feature and visor
Rear privacy glass
Tailgate spoiler

EXTERIOR DIMENSIONS	
Curb weight (RDX/Technology Package/Elite Package)	1781/1793/1797 kg
Ground clearance – full-load	137 mm
Gross vehicle weight rating	2260 kg
Height	1678 mm
Length	4685 mm
Steering ratio	14.98
Steering turns lock-to-lock	2.74
Track – front/rear	1604/1610 mm
Wheelbase	2685 mm
Width	1872 mm

INTERIOR DIMENSIONS	
Headroom – front/rear	983/969 mm
Hip room – front/rear	1415/1367 mm
Legroom – front/rear	1068/973 mm

ACCESSORIES

Choose from an array of Acura Genuine Accessories that give you the practical luxuries and advanced styling that will bring you together with your machine.

REMOTE ENGINE STARTER PACKAGE

- Base unit
- Attachment
- Key FOB (2)

PROTECTION PACKAGE

- All-season floor mats
- Cargo tray

UTILITY PACKAGE

- Running boards, rear step
- Roof rack rails

Accessories listed in the packages may also be added individually to your RDX.

TOWING PACKAGE

- Trailer hitch
- Trailer hitch harness
- Trailer hitch ball – 1 7/8" or 2"

INTERIOR APPEARANCE PACKAGE

- Woodgrain-look interior trim
- Woodgrain-look shift knob
- Woodgrain-look steering wheel

SHOWROOM PACKAGE

- Roof rack rails
- Running boards, rear step
- Roof rack crossbars
- All-season floor mats
- Cargo tray

ADDITIONAL ACCESSORIES AVAILABLE

- 18" Alloy wheel – Diamond cut
- Ashtray, cup-holder style
- Body side molding
- Cargo cover
- Cargo liner
- Cargo net
- Door edge film
- Engine block heater
- Hood edge deflector
- Illuminated door sill trim
- LED fog lights
- Lower door garnish, chrome
- Moonroof visor
- Paint pen
- Rear back-up sensors
- Rear bumper appliqué
- Rear seat cover
- Roof rack bike attachment
- Roof rack box, short
- Roof rack ski attachment
- Roof rack snowboard attachment
- Running boards, rear step
- Trunk edge and bumper protector
- Wheel locks

Accessories and packages are subject to inventory availability.

Driving a luxury vehicle should go beyond engineering and amenities. That's why Acura is committed to ensuring your ownership experience is equally luxurious. New Acura owners benefit from four-year 24-hour Roadside Assistance, which includes Dispatch Emergency Roadside Service, Emergency Lockout Service and Traffic Accident Services. See your Acura Retailer for details.

WARRANTY

Your new Acura vehicle comes with the following warranties:

- Major Component – 5-year/100,000-km limited warranty
- Vehicle – 4-year/80,000-km Distributor's limited warranty
- Rust Perforation – 5-year unlimited-distance warranty
- Surface Corrosion – 4-year/ 80,000-km
- Accessories – 4-year/80,000-km limited warranty

(when installed by an authorized Acura Retailer at time of new vehicle delivery). Regular maintenance items and parts are subject to normal wear and replacement, and are not covered by warranty. Certain other items are excluded and certain conditions apply. See your Acura Retailer for details.

ACURA PLUS

Extend your worry-free ownership experience by purchasing additional coverage. Choose from Acura's flexible selection of Mechanical Coverage that extends up to 8 years or 200,000 km, whichever comes first. See your Acura Retailer for details.

LEASING AND FINANCING

Owning your Acura is easy. See your Acura Retailer for complete details on Conventional Financing.*

*A genuine service of Acura Financial Services. Conditions, restrictions and prepayment requirements might apply O.A.C.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in the cargo area. Always read the vehicle owner's manual for detailed vehicle operation and feature information.
