## Open Recalls

Recall #: C0367 | Auxiliary Carbon Canister Install Recall Date: 2019 Nov 18

### Recall Description

Issue: On certain vehicles, the evaporative canister may have a defective sponge that is too short in length causing charcoal dislodging to occur. This may reduce the effectiveness of the canister and result in emissions exceeding the prescribed standards. Corrective measures: Dealers will install an auxiliary canister on all affected vehicles.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](#).

Recall #: R0181 | Engine Control Module Reprogramming Recall Date: 2021 Sep 13

### Recall Description

Issue: Hyundai Auto Canada is conducting a Product Improvement Campaign that provides an update to the engine control module to detect potential problems before an engine fails. An engine failure would cause a sudden loss of power with an inability to restart. Note: This only affects vehicles equipped with a 2.4 L MPI engine. For the Sonata model, only the Sonata Hybrid is affected by this campaign. All vehicles previously included in TC # 2021-033 are now part of this new campaign. Vehicles that were previously repaired under campaign R0181 (Transport Canada #2021-033) do not require this software update. Safety Risk: A sudden loss of engine power could increase the risk of an accident. An engine failure could also create the risk of a fire. Corrective Actions: The company will notify owners by mail. Owners will be instructed to take their vehicle to a dealer to update the software for the engine control module. Note: Hyundai recommends that you should always follow the correct vehicle maintenance schedule, which is printed in the Owner's Manual. If you experience unusual engine noise, reduced power, or a check engine/oil warning light, Hyundai advises you to immediately visit a Hyundai dealership to have your vehicle diagnosed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](#).
