Recall Description

TAKATA FRONT PASSENGER AIR BAG

Remedy

Owners will be notified by mail and instructed to take their vehicle to a dealer to inspect the passenger-front airbag inflator. The passenger-front airbag module or inflator will be replaced as necessary. Note: The Canadian climate results in the propellant degrading slowly. This recall is being conducted as a precaution to address future risk. It is expected that all airbag inflators will be replaced before their function would be affected.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact SUBARU or visit [Subaru's website](#).
